## SYNTHÈSE DU LOT

### Données troupeau

Date d'entrée: ..... Nombre: ..... Age: .....

Date de réforme: ..... Nombre: ..... Age: .....

Nombre de jours en production: ..... % Mortalité: .....

### Production d'œufs

Nombre d'œufs produit cumulé: .....

Nombre d'œufs par poule départ: .....

Masse d'œufs produite: .....

Poids moyen des œufs: .....

Masse d'œufs par poule départ: .....

### Aliment

Consommation totale: .....

Consommation journalière: .....

1/ Par poule départ: ..... 2/ Par poule présente .....

Consommation d'aliment par œuf produit: .....

Consommation d'aliment par kg d'œufs produit: .....
